OBJECTIVE

A dedicated B.Tech Artificial Intelligence and Data Science student with good academic background and enjoys transforming concepts into workable solutions. Enjoys problem-solving, teamwork, and experiential learning and always willing to lend a hand, develop, and change the world.

EDUCATION

B.Tech in Artificial Intelligence and Data Science , PSNA College of Engineering and Technology – Dindigul	2022 – 2026
• CGPA: 8.63 (III-Year)	
12th Grade , Capron Hall Hr. Sec. School for Girls – Madurai	2022
• Percentage: 87.3%	
10th Grade , Capron Hall Hr. Sec. School for Girls – Madurai	2020
• Percentage: 80.2%	

SKILLS

Languages: Python, Java, HTML, CSS, SQL, JavaScript

Tools & Frameworks: Power BI, Tableau, React, Flutter, Node.js

PROJECTS

COCONUT SHELL SAVER	Team Project
• Developed an IoT machine and ML model to detect discarded coconut shells with high accuracy.	
• Tech Stack: Machine Learning, IoT, Arduino	
TECH MERAKI	Web Development
• Symposium website showcasing department work and external participant registration.	
• Tech Stack: React, TailwindCSS, Framer Motion	
ADRAP(ArtificialIntelligence and Data Science Resource and Planning)	Web Development
• Website for managing and maintaining academic marks.	
• Tech Stack: React, TailwindCSS, Framer Motion, MySQL, Node.js	

INTERNSHIPS

Data Science Internship , CodSoft	July 2024 – Aug 2024
• Worked on real-time data projects involving collection, cleaning, and analysis of large datasets.	
• Handled data processing tasks like removing duplicates, handling missing values, and formatting data for machine learning models.	
Java Internship , Octanet	Feb 2025 – Mar 2025
• Developed Java applications to solve real-world problems using object-oriented programming.	
• Built user interfaces, handled file operations, and implemented core logic using Java.	

ACHIEVEMENTS

- 2nd Runner-up – MAD AI 24 Hrs Hackathon (IoT + ML for coconut shell detection)
- Academic Rank III Holder – 3rd Rank in 2024–2025 (odd & even semesters)
- Techie of the Year – Tech Meraki department symposium

CERTIFICATES

- **Java Course – Mastering the Fundamentals (Scaler Topics)**

Learned core Java concepts including OOP, data structures, and exception handling through hands-on coding tasks.

Built small projects and solved coding problems to strengthen problem-solving skills in Java.

- **Programming Essentials in Python – Cisco Networking Academy**

Gained a strong foundation in Python programming, covering variables, loops, functions, and basic data handling.

Worked on practice problems and mini projects to apply logic and develop coding confidence.

- **JAVA Programming Language – NPTEL SWAYAM**

Studied the fundamentals of Java, including classes, inheritance, interfaces, and file handling.

Completed assignments and quizzes to reinforce understanding of Java concepts.

RESPONSIBILITIES

BIS CLUB – Student Event Coordinator (2024–2025)

- Organized events focused on improving students' understanding of the club's goals and activities.
- Collaborated with faculty and peers to plan workshops, guest lectures, and competitions.
- Handled communication, promotion, and smooth execution of club activities.

LANGUAGES KNOWN

Fluent: English, Tamil

Reading: Hindi

EXTRA-CURRICULAR ACTIVITIES

- Organized department-level events for BIS Club Events.
- Hobbies include painting, yoga, reading.
- Interested in learning languages.
